Batch/Lot Number: 2112019

RESULTS SUMMARY

| Analytes             | Compliance |
|----------------------|------------|
| Heavy Metals         | Pass       |
| Bisphenols           | Pass       |
| Glyphosate           | Pass       |
| Label Claim Accuracy | Pass       |
| Pesticides           | Pass       |
| Residual Solvents    | Pass       |

PRODUCT SUMMARY

**Brand:** Puori

**Product Name:** D3 Vitamin D - 400

**Product Description:** Puori D3 is a natural, high quality vitamin D product derived from sheep's wool, combined with virgin organic coconut oil to ensure optimal absorption.

**Batch/Lot Number:** 2112019

Ellipse Analytics is an ISO/IEC 17025 accredited laboratory, issued by the ANSI-ASQ National Accreditation Board. Refer to certificate and scope of accreditation L2441. All work is performed in accordance with Ellipse Analytics' Standard Terms and Conditions. Samples are analyzed as received unless otherwise noted, and the results relate solely to the item submitted for analysis. Capsule and soft gel samples are tested as contents only, and results reported per serving are calculated using the fill weight. Average fill weights are available upon request.

**ANALYTICAL RESULTS**

**Heavy Metals**

| Analyte | Tolerance <sup>1</sup> (ug/serving) | Findings (ug/serving) | Compliance |
|---------|-------------------------------------|-----------------------|------------|
| Arsenic | 10                                  | ND                    | Pass       |
| Cadmium | 4.1                                 | ND                    | Pass       |
| Mercury | 0.3                                 | ND                    | Pass       |
| Lead    | 0.5                                 | ND                    | Pass       |

**Bisphenols**

| Analyte | Tolerance <sup>2</sup> (ug/serving) | Findings (ug/serving) | Compliance |
|---------|-------------------------------------|-----------------------|------------|
| BPA     | 3                                   | ND                    | Pass       |
| BPS     | 0.05                                | ND                    | Pass       |

**Glyphosate**

| Analyte    | Tolerance (ug/serving) | Findings (ug/serving) | Compliance |
|------------|------------------------|-----------------------|------------|
| Glyphosate | 1,100                  | ND                    | Pass       |

**Label Claim Accuracy**

| Analyte    | Claim          | Findings | Compliance |
|------------|----------------|----------|------------|
| Vitamin D3 | 400 IU/serving | Pending  | Pass       |

**Pesticides**

| Analyte             | Tolerance <sup>4</sup> | Findings (ug/serving) | Compliance |
|---------------------|------------------------|-----------------------|------------|
| 3_hydroxycarbofuran | Varies                 | ND                    | Pass       |
| acephate            | Varies                 | ND                    | Pass       |
| acetamiprid         | Varies                 | ND                    | Pass       |
| aldicarb            | Varies                 | ND                    | Pass       |
| aldicarb_sulfone    | Varies                 | Not Run               | Pass       |
| aldicarb_sulfoxide  | Varies                 | ND                    | Pass       |
| ametryn             | Varies                 | ND                    | Pass       |
| atrazine            | Varies                 | ND                    | Pass       |
| avermectin_b1a      | Varies                 | ND                    | Pass       |
| azaconazole         | Varies                 | ND                    | Pass       |
| azinphos_ethyl      | Varies                 | ND                    | Pass       |
| azoxystrobin        | Varies                 | ND                    | Pass       |
| benalaxyl           | Varies                 | ND                    | Pass       |
| bendiocarb          | Varies                 | Not Run               | Pass       |

Ellipse Analytics is an ISO/IEC 17025 accredited laboratory, issued by the ANSI-ASQ National Accreditation Board. Refer to certificate and scope of accreditation L2441. All work is performed in accordance with Ellipse Analytics' Standard Terms and Conditions. Samples are analyzed as received unless otherwise noted, and the results relate solely to the item submitted for analysis. Capsule and soft gel samples are tested as contents only, and results reported per serving are calculated using the fill weight. Average fill weights are available upon request.
